What is a Vertiv EnergyCore Battery Cabinet?

COLUMBUS, Ohio-- (BUSINESS WIRE)--Meeting the urgent need for solutions supporting high-density computing in increasingly crowded data center facilities, Vertiv (NYSE: VRT), a global provider of critical digital infrastructure and continuity solutions, today introduced Vertiv(TM) EnergyCore battery cabinets.

What is a C&C power battery enclosure?

C&C Power Battery enclosures are configured to meet the need of all types of applications. Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of your critical facility.

What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

How long do Vertiv EnergyCore cabinets last?

Vertiv EnergyCore cabinets are optimized for five minutes end-of-life runtime at 263kWb per each compact, 24" wide (600mm) cabinet, and operate across a wide temperature range, making them suitable for high-density environments.
