----

What is a 100kW AC-DC converter cabinet?

Depending on the AC voltage. The 100kW,690V AC-DC converter cabinet is a non-isolated high-power solutionthat operates at a maximum power of 100kW at 690V AC. With an operational voltage range from a minimum of 400 ph-ph V AC rms to a maximum of 690 ph-ph V AC rms,and a maximum current capacity of 80 A AC phase current on AC side.

Why should you choose cableaway data cabinets?

Cableaway provides high-quality Data Cabinets engineered to accommodate various networking and communication needs. These cabinets are optimal not just for professional scenarios like offices or business spaces but also for personal use such as in-home networks or personal servers.

What are the different types of networking cabinets?

Depending on your specific requirements,you can choose from smaller,compact cabinets for limited spaces to large,high-capacity cabinetsthat can house multiple servers or networking equipment. The configurations vary to meet the demands of different network complexity levels.
