**What are outdoor Telecom cabinets?**

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

**What is a telecommunication cabinet?**

The cabinet is an ideal solution for physical connections of outdoor telecommunication equipment, transmission equipment, power equipment, monitoring equipment, lithium batteries and other supporting equipment. Both active telecom equipment and passive telecom equipment can be accommodated inside the cabinet.

**What is an outdoor telecom enclosure?**

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

**What is Datacom outdoor cabinet?**

DATACOM outdoor cabinet which can protect customer's equipment's from damage and extreme weather conditions, vandalism, dust, rain, snow and dripping water.
