What is enerezza?

One of the products that resulted from our partnership is "Enerezza," an energy storage system for home use(available in Japan only). Enerezza has many advantages over conventional products,not only in battery capabilities,but also in manufacturing costs and safety,and is expected to become even more widely used.

Why should you choose enerezza?

Enerezza has many advantages over conventional products, not only in battery capabilities, but also in manufacturing costs and safety, and is expected to become even more widely used. My future goal is to improve and spread the technology of SemiSolid(TM) storage battery technology, and at the same time contribute to the development of clean energy.
