-----

We carry IP55 enclosures that demonstrate almost complete protection from particles and a good level of protection against water. All of our ...

This colloidal battery enclosure combines battery storage, environmental cooling, and integrated power control in a compact outdoor unit. Built with a durable IP-rated body, it includes ...

The industrial network cabinets for wall installation are specially adapted according to protection type IP55 for the requirements of harsh environments, particularly outdoors.

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control ...

High-capacity industrial and commercial photovoltaic energy storage cabinet with IP55/IP66 protection, 325kWh capacity, and secure, efficient design.

For outdoor server and network applications, the weatherproof rack cabinet is designed to protect equipment from water, environmental elements, and ...

o Flexible Deployment: Modular energy cabinet, flexible expansion, IP55 to meet a variety of outdoor application scenarios. o Ultra-long Life: High ...

IP55 and IP65 battery cabinet and outdoor UPS solutions are designed based on projects. Our Custom design solutions give our clients to have specific solutions for their outdoor cabinet ...

Based on a lithium iron phosphate battery system, the ESS outdoor cabinet serves as a comprehensive complete solution for stationary energy storage.

The cabinet is designed specifically to protect it from human damage, water, dust and other damages. The cabinet allows natural wind cooling through filtered vents on front door and ...

Varistar: Highly versatile, robust welded steel frame electronics cabinet with a wide range of available features including protection against dust and water (IP20 and IP55), cooling options ...

Outdoor Electrical Cabinet with 200/161/129 kWh-97 kWh capacity, IP55 rated for durability, and 108 kW rated power for efficient energy storage.

The industrial network cabinets for wall installation are specially adapted according to protection type IP55 for the requirements of harsh ...

The cabinet is designed specifically to protect it from human damage, water, dust and other damages. The cabinet allows natural wind cooling through ...

45kWh IP55/IP66 Energy Storage Cabinet with 100kW power for industrial and commercial applications, featuring high integration and modular design.

Stars Series 289kWh Cabinet ESS features high-density 314Ah LFP cells and an all-in-one cabinet design for maximum energy integration. Ideal for C& I, renewables, and EV charging, it ...

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), ...

55kWh air-cooled energy storage cabinet with IP55/IP66 protection, designed for industrial and commercial photovoltaic energy storage applications.
