-----  
Which mobile networks are available in Malawi?

In Malawi, there are two mobile networks, Airtel Malawi and TMN, which provide the vast majority of connections for voice and data services. Both operators have invested in LTE technologies to improve the quality of data services.

What is Airtel Africa doing in Malawi?

Airtel Africa sells its tower unit in Malawi to Helios Towers. The regulator uses the Universal Service Fund (USF) to install mobile towers in rural areas, which will be leased to Airtel Malawi and MTL for a fee.

Why is Malawi one of the world's least developed countries?

Malawi is one of the world's least developed countries due to few resources. There has been little investment in fixed-line telecom infrastructure, and as a result, the country's two mobile networks, Airtel Malawi and TMN, provide the vast majority of connections for voice and data services.
