-----  
What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Why should you choose Shield for your outdoor telecom enclosure?

This solution is also ideal for rapid deployment at the network edge. SHIELD offers a wide range of customization features for your outdoor telecom enclosures such as machining, special dimensions, custom colors, and additional protection for harsh environment.

Where can cube outdoor enclosures be used?

Cell towers, business parks, campuses, data centers, strip malls, sports stadiums, oil fields, wind farms, solar fields, lift stations, utility sub stations and traffic systems all rely on our expansive line of industry-leading CUBE outdoor enclosures. As connectivity skyrockets, so does the cost of service interruptions.
