-----  
What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is the DC office of contracting & procurement (OCP)?

This portal is a public clearinghouse for all information related to the DC Government's contracting and procurement efforts. The DC Office of Contracting and Procurement (OCP) is required to post contract awards valued at \$100,000. Questions about doing business with the District government?

What does the Office of citywide procurement (OCP) do?

To assist City agencies, DCAS, through its Office of Citywide Procurement (OCP), provides a wide range of services including developing contracts to purchase a variety of goods and services; inspecting goods; and distributing supplies and equipment.
