What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a FDU & a pole mount cabinet?

Our FDU's are designed to provide cross-connect and/or interconnect between incoming fiber optic cables and fiber optic equipment. The EVEREST pole mount cabinet is a designed to support C-RAN technology today while providing the flexibility to adapt to the 5G infrastructure needs of tomorrow.
