What is the bulk energy storage program?

The Bulk Energy Storage Program will use an innovative Index Storage Credit incentive, as established in the Order and modeled in part on the Renewable Energy Certificate (REC) and Offshore Wind Renewable Energy Credit (OREC) utilized in other NYSERDA programs.

What is New York State's first bulk energy storage competitive solicitation?

Categories: Storage , Energy Policy , Energy Storage , Batteries On July 28, 2025, Governor Kathy Hochul announced the launch of New York State's first bulk energy storage competitive solicitation.

What is bulk energy storage & how can it help New York?

New York Secretary of State Walter Mosley said, "In looking ahead for the state's future, bulk energy storage can provide the ability to store excess electricity during times of lower usage or high renewable production and return that electricity to the grid during peak times when it's needed most."

Why is bulk energy storage important?

New York State Public Service Commission Chair Rory Christian said, "Bulk energy storage will play an important role in our continued push to create a cleaner energy distribution system that's both affordable and reliable. Kudos to Governor Hochul for encouraging and promoting this initiative."
