What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a Type 4 telecom power outdoor cabinet?

The Type 4 telecom power outdoor cabinet is a new generation platform designed to meet customer needs, give configuration flexibility and supports a variety of applications. The cabinet is well suited for power, batteries and telecom equipment.

How do I choose the best NEMA rated cabinet?

Cabinets with a 3,3R,3S,3X,3RX,3SX,4,4X NEMA standard are all properly made to withstand the outdoor elements to varying degrees. The key is to select the enclosure rating that best meets your environmental needs, and then find an appropriate enclosure with that rating.

What are the advantages of a telecom cabinet?

The cabinet works very well as a stand-alone power and/or battery backup solution and provides additional space for telecom equipment. The fan and filter has the advantage that a large amount of air can be exchanged, giving very high cooling performance with low power consumption.
